

**Jim Rummer**, Regional Director of Career and Technical Education, Char-Em ISD

Jim began working for Char-Em ISD in 2006. As the CTE director, he provides oversight and planning for the almost 50 state-approved CTE programs across our 2 ½ county ISD: Emmet, Charlevoix and northern Antrim counties.

*"I love to play a role in opening the eyes of our young people and their parents about the endless career possibilities that await them,"* said Rummer. *"We, as a staff, take full advantage of the window of time we have to provide career and college readiness opportunities to the thousands of K-12 students across our ISD. We accomplish this through awareness, exploration, and preparation at all grade levels, to great success!"*

Jim also oversees transportation, building and grounds, and alternative education for Char-Em ISD. He lives in Harbor Springs with his wife, Haley, daughter, Bryleigh, and their dogs, labrador Addie and Australian shepherd Pepper.
